

Institutional Overview

Our institution is committed to providing a high-quality educational experience that meets the needs and expectations of our students. To assess our performance and identify areas for improvement, we conducted a Student Satisfaction Survey (SSS) in Academic Year 2023-2024.

Methodology

The SSS was administered to our students. The survey consisted of questions covering various aspects of institutional performance, including academic experience, campus life, support services, and overall satisfaction.

Conclusion

The Student Satisfaction Survey (SSS) provides valuable insights into our students' experiences and perceptions. We are committed to addressing the concerns and suggestions raised in the survey, and we look forward to continuing to improve and enhance our institutional performance.
