

6.4.3. Institutional strategies for mobilisation of funds and the optimal utilisation of resources

The institution mobilizes funds on its own without any aid or support from any government or private agency and allocates sufficient budgetary provision for prospective growth of the institution, development of students and welfare of the staff.

Following are the strategies used for mobilization of funds and optimal utilization of resources-

1. Tuition Fee collected from students admitted in the college
2. Contributions from the parent society
3. Revenue generated from consultancy, research and training programmes carried out by faculty members
4. Research/project funding by agencies
5. Renting of facilities and premises

The above fund mobilization strategies are followed with accountability at every stage. The finance committee plans, controls and monitors the utilisation of funds. The funds allocated for the creation and maintenance of infrastructural facilities are utilised optimally.

INDIAN INSTITUTE OF PSYCHOLOGY AND RESEARCH (IIPR)

Affiliated to Bengaluru Central University & Approved by Government of Karnataka

A unit of Sarvodaya Seva Sangha ®

Funds generated through Consultancy Services by Faculty: Academic Year 2023-24
