

Our institution is committed to promoting awareness and understanding of constitutional obligations among both students and employees. Regular programs are organized to sensitize the community to the values, rights, duties, and responsibilities of citizens as enshrined in the Constitution of India. These initiatives include workshops, seminars, and lectures led by legal experts, constitutional scholars, and government representatives, aimed at educating students and staff on fundamental rights, duties, and the importance of upholding democratic principles.

In addition, the institution celebrates Constitution Day and other relevant days, where discussions, debates, and activities are organized to reinforce the significance of constitutional values. Through such efforts, we aim to foster a sense of civic responsibility, encourage ethical conduct, and promote active participation in societal development. These initiatives empower students and staff to understand and exercise their rights while being mindful of their duties and responsibilities as responsible citizens.
